

Help!

Aha

I could speak!

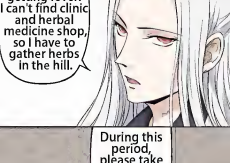

What happened just now?

You on master's side are purified by my spirit ball, thus with deity consciousness,

it is not hard to make you voice out.

It is urgent, to make it short, brother cat.....

Master is getting fever. I can't find clinic and herbal medicine shop, so I have to gather herbs in the hill.

During this period, please take care of master until I am back.

I can speak, I can chat with dear Yue!

Who the hell is this guy?

Wave

Thump

Please take care of master!

Turn around

Finally gone. I almost crap my pants. Go, hurry up. You'd better not come back.

Exhale

Next is the time for us only!

We can sleep together, too. Hey hey..... hey hey.....

Right,

if I am not here,

you dare to go to the bed...

I'll kill you!

Then I go out!

Bang!
